## MEMO

**To: Mayor and Midway City Council**  
**From: Jennifer Sweat, Treasurer**  
**Re: Water Rate Reduction for Residents 65+**

Councilman Jeff Drury asked for me to investigate the effects of a possible Water Rate Deduction for Midway Resident's 65 and older to apply for. A form or application would be created for someone to fill out and if they meet the criteria, they could possibly have a fee exemption given for their water rate. The criteria suggested was to be a permanent resident, living in a designated home as a primary residence, and over the age of 65+. This would only be for the base rate; any water overages would still be billed. Attached is a example of the form or application that can be used. This is a form created quickly to be included in the packet, so changes can always be made.

In doing quick math, based on July 2024 billing for water (3<sup>rd</sup> Quarter billing), we billed \$321,121.20 for that period. Councilman Drury did a search online and AI determined that 10% of residents in Midway are 65+. So, if all residents apply the billing would be 10% less of the total billed which is \$32,112.12, which would reduce the quarterly billing revenue to \$289,009.08. This rate includes the Base rate for the meter size, as well as leases, and pumping fees.

As I was thinking about this, my concern is I do not have a really good idea of full-time residents in Midway that are 65 and older, which isn't something we collect when we set up accounts. However, it is something we can start to add to our forms, although some people have a hard time giving me their phone and email information. However, it could be as easy as asking "Are you 65 or older?" and it wouldn't be them giving their actual birth dates. As part of the form or application we would have a request for a copy of anyone applying of their driver's license so that we can confirm they are 65+ and the home in Midway is the primary residence.

I also spoke with Caselle, and there is a way to handle this through our billing. We have a few options we could do 1. Disconnecting the Service 2. Create a rate that is a zero bill 3. Create a discount service that has a credit rate to remove the base rate. We would then use a group to keep track of customers that have the discount. It may be a bit labor intensive setting everything up, but then it should be rather easy after.

* If the amount in the deposit is depleted down to ¼ of the initial amount then all review is put on hold. The hold is in place until the funds are increased to the initial deposit amount or an amount less than the initial amount. This possible lesser amount will be determined by staff based on the project's level of completion. Prior to recording payment of fees must be current.		
** Each phase then must be processed through the Preliminary and Final approval process as listed in the Subdivision (new roads) section of this chart.
